Why RunPayroll over Traditional Providers

Traditional providers are great payroll management choices if you like faxing or phoning in payroll on a set schedule every pay period. And if you like paying up to twice as much as RunPayroll. But if you're looking for a payroll management service that offers an anywhere, anytime method for you to process payroll and doesn't skimp on features and service, we are the online alternative that doesn't require you to sacrifice anything.

Just like traditional providers, RunPayroll is a full-service payroll management service. We make the calculations and deductions, we file and pay all federal, state and most local payroll taxes, and we guarantee accuracy. We'll even work with the IRS on your behalf, if needed.

Because we're online, you don't pay for representatives to enter your payroll. You don't pay for shipment and handling of paychecks. You do pay up to half the cost of those traditional providers — with the convenience of 24/7 access and the comfort excellent Customer Service at your fingertips.
