

Your custom payroll quote

Satisfaction Guaranteed or your money back – plus \$100

We are so confident that you will be 100% satisfied with our service that if you are not, we will refund your money and give you \$100 to help cover the transition time to a new provider.

Payroll Base:
Employee(s):

The following services are included in your personalized payroll quote.

- 1 We pay and file all your federal, state and most local payroll taxes with accuracy guaranteed.** If you've entered wages correctly and properly communicate SUI rate changes and we make an error, we pay the fines.
- 2 SurePayroll is available 24/7/365 anywhere you have Internet access—even from a mobile device such as an iPhone® or BlackBerry®.** With SurePayroll you aren't bound to someone else's schedule to fax or phone in payroll.
- 3 Self-print paychecks are always available.** If you prefer to pay your employee with a check, you just approve payroll, load check stock into your printer and click "Print."
- 4 Direct deposit is free.** We pay your employees by direct deposit—for free
- 5 Patent-Pending 1-Click™ Payroll Technology can reduce your payroll processing time to seconds.** For salaried and other employees whose hours don't fluctuate, we eliminate the payroll entry steps to simplify payroll.
- 6 Over 14 different payroll reports are available for you and your (CPA) accountant to view and export.** From Payroll Summaries to Workers' Compensation, the reports you need are at your fingertips.
- 7 Security is a Focus at SurePayroll.** We employ 128-bit SSL (256-bit on supported browsers) on our Web site so your data is encrypted the moment you send it. And never worry about disgruntled former employees trying to access your information because our Customer Care representatives require a "Secure Call-In ID"—a system that provides a unique identifier that appears in your payroll account during each use.
- 8 You receive unlimited access to the American Business Award's 2009 Customer Service Department of the Year—even on Saturdays.** Thorough online help is available 24/7.
- 9 Employees can access their own pay stubs, W2s and 1099s online** through our secure Employee Self-Service Web site. They'll receive email alerts when their pay stubs are available to view.
- 10 Accountant access is free.** Your accountant can view your reports 24/7/365 through our secure SureChoice Web site after you authorize access.
- 11 All setup fees are included.** You won't see any setup surprises on your bill. We don't charge anything extra to import your current year's payroll records to ensure each of your employees only receives one W2. SurePayroll will have your accountant up and running quickly and correctly, without charging any additional fees.
- 12 Enroll online anytime, or you can call us for free assistance during this process.** Our friendly representative are glad to walk you through each step and explain all the details
- 13 We provide free customized labor law posters to keep you in compliance.** If you use our compliance resources and receive a fine, we'll pay it.
- 14 New hires are automatically reported to the appropriate state agencies to ensure full compliance.** This saves you time and, more importantly, big fines.
